

STOP – WORK POLICY

At Kuantan Port Consortium Sdn. Bhd. we are aware that continuous commitment to Quality, Safety & Health, Environmental and Anti-bribery (QSHEA) management is crucial to the success of our business activities and operations.

Our Objective: Continuous Improvement in Every Aspect of the Business Activities

The company's objective is to achieve a zero-incident and mortality rate based on industry best practices in complying with international standards and relevant laws.

All Kuantan Port employees have a duty to embrace, apply and comply with the all-important **STOP-WORK** principle.

To prevent the imminent incident, accident, or injury, **ANYONE** who observes any actions or situations that is considered wrong, unsafe, and potentially dangerous to employees, contractors, visitors, equipment, environment, and/or the project works have a right and duty to intervene and stop the work operation.

When it comes to Quality, Safety & Health, Environmental and Anti-bribery, the responsible parties in our organization are expected to show responsible leadership towards the prevention of incidents and accidents and is expected to actively intervene whenever potential risks to employees, contractors, visitors, equipment, environment, or the works are observed or identified. When there is doubt whether work should stop, the immediate supervisor shall be referred to.

The management of Kuantan Port is fully committed to the application and implementation of the **STOP-WORK** principle to ensure a conducive and safe working environment.

I, strongly support this policy.

“STOP – WORK”

Kuantan Port Consortium Sdn. Bhd. menyedari komitmen berterusan dalam pengurusan Kualiti, Kesihatan & Keselamatan, Alam Sekitar dan Anti-rasuah (QSHEA) adalah penting untuk kejayaan urusan perniagaan dan operasi kami.

Objektif kami: Peningkatan berterusan dalam setiap aspek aktiviti perniagaan

Objektif syarikat adalah untuk mencapai tahap kematian sifar berdasarkan amalan terbaik industri dalam mematuhi piawaian antarabangsa dan undang-undang berkaitan.

Setiap pekerja di Kuantan Port mempunyai tanggungjawab untuk mematuhi prinsip yang penting berkaitan “**STOP – WORK**”

- Untuk mengelakkan insiden, kemalangan atau kecederaan, **SESIAPA** yang memerhatikan sesuatu tindakan atau keadaan yang dianggap tidak sesuai, selamat dan berbahaya kepada pekerja, kontraktor, orang awam, peralatan, persekitaran dan/atau projek mempunyai hak dan tanggungjawab untuk campur tangan dan menghentikan operasi kerja tersebut.

Pihak yang berminat diharap dapat menunjukkan kepimpinan yang bertanggungjawab terhadap pencegahan insiden dan kemalangan dan diharap untuk terlibat secara aktif apabila terdapat risiko kepada pekerja, kontraktor, orang awam, peralatan, persekitaraan atau kerja-kerja yang diperhatikan atau yang dikenal pasti. Sekiranya terdapat sebarang keraguan untuk memberhentikan kerja, perkara tersebut perlu dirujuk kepada penyelia atasan.

Pengurusan Kuantan Port komited dengan pelaksanaan prinsip “**STOP – WORK**” untuk memastikan persekitaran kerja yang kondusif dan selamat.

Saya, Menyokong Dasar ini.
